A SELECTION OF RECENT DEVELOPMENTS IN EU COMPETITION LAW

by IVO VAN BAEL AND ETSUKO KAMEOKA (*)

This article offers a bird’s eye view of developments that took place from December 2006 until October 2008 at the level of the Commission and the European Courts. In view of the sheer volume of the relevant data covering this period of time, a selection has been made to avoid that the trees would get lost in the forest.

The selected developments are classified under the following headings:

— Cartels
— Abuse of dominant position
— Parallel trade in pharmaceuticals
— Merger control
— State AID
— Transport
